This room also houses the boiler which controls the water underfloor heating throughout, vertical tank, immersion heaters, water softener and filter system.

A private courtyard can be accessed directly from Bedroom two and the utility room.

Outside, the creatively styled terraced gardens are beautifully manicured. To the north side the gardens surround ample off road parking and wooden steps lead up to a paved seating area. An office/studio adjoins the car port and is fitted with a storage cupboard, sink with hot and cold water supply, power points and a separate fuse box.
